Remark

Since 22nd of February 2010, molybdenum is traded at the London Metal Exchange (LME). The listed molybdenum product is technically not comparable to the input material used by ThyssenKrupp Acciai Speciali Terni and can be seen as an inferior pre-product. For any question related to this topic, please do not hesitate to contact Mr. Francesco Mancuso (francesco.mancuso@thyssenkrupp.com)
